M.A. Ford® Custom Made Firearms Tools

As a leading supplier of high-performance tooling, M.A. Ford® end mills, drills, and reamers are widely used across this sector, as well as an extensive range of custom tools designed for specific applications, such as chamber reaming, rail cutting, cylinder fluting, and more.

Specialized firearm manufacturing demands specialized tooling and the M.A. Ford® range delivers both precision and productivity. The

following cutting tools can be manufactured but are not limited to: An Upper Ejection Door Keyway Cutter, Upper Forward Assist C'bore Drill, Upper Gas Tube C'bore Drill, Upper Charging Handle Lock Position Form Tool, as well as an 8 Flute Picatinny Rail Profile Cutter. These specialized tools are for the production of an AR-15.

These are just some of the custom firearm tools we can manufacture. Contact us for any of your firearm cutting tool needs.
